Product Model	Biochemistry LD Alkaline Cleaning Solution
Packaging Specifications	1 L, 2 L, 10 L, 20 L
Product Code	p1137

Intended Use

This product is a cleaning solution for the reaction system during the testing process of automatic biochemistry analyzers, so as to facilitate in vitro testing of the substances under test

Principle

This product is a cleaning solution for the reaction system. Its main working principle is that the surfactant in the cleaning solution effectively lowers the surface tension of the proteins in the reaction system, so that the proteins in blood specimens are readily washed...
