

In Vitro Diagnostic Reagent

Blood Cell Concentrated Enzyme Cleaning Solution

This product is a cleaning solution for the reaction system during testing with the blood cell analyzer, so as to facilitate the in vitro testing of blood cells, hemoglobin, and other substances to be measured

Product Photo

Product Model	Blood Cell Concentrated Enzyme
Packaging Specifications	50 mL, 100 mL, 500 mL, 1 L, 20 L
Product Code	p1110

Intended Use

This product is a cleaning solution for the reaction system during testing with the blood cell analyzer, so as to facilitate the in vitro testing of blood cells, hemoglobin, and other substances to be measured

Principle

This product is a cleaning solution for the reaction system. Its main working principle is that the surfactant in the cleaning solution effectively lowers the surface tension of the proteins in the reaction system, so that the proteins in blood specimens are readily washed away...
