

In Vitro Diagnostic Reagent

ISE Buffer-DZ

Auxiliary reagent for the electrolyte (ISE) module, used to provide and maintain the reaction environment for Toshiba/Abbott series electrolyte (ISE) modules.

Product Photo

Product Model	ISE Buffer-DZ
Packaging Specifications	1.0 L, 2.0 L, 2.0 L × 2
Product Code	76

Intended Use

Auxiliary reagent for the electrolyte (ISE) module, used to provide and maintain the reaction environment for Toshiba/Abbott series electrolyte (ISE) modules.

Compatible Devices

Abbott ARCHITECT c8000

Toshiba Toshiba chemistry analyzers (series)
